LAUNDRY: Choose Your System

Conserv Energy System

This program provides the best overall value by reducing energy requirements needed for cleaning — thereby reducing total overall laundry facility costs, without sacrificing quality.

1 Patented Enzyme and Oxygen Detergent with Safer Choice Recognition

COMPASS
Patented detergent, low-temperature washing, and environmentally friendly

Alternative

CONSERV SG65 SOLID LAUNDRY DETERGENT
Solid alkaline laundry detergent

2 Powerful Oxygenated Destainer for Colors and Whites

CONSERV SG55 COLOR SAFE BLEACH
Safe bleaching booster for whiteness and stain removal

3 Solid Fabric Softener

CONSERV SG80 FABRIC SOFTENER
Imparts softness to fabrics and also contains brighteners

Solid Chlor-Alkali System

An all-purpose program that can be used in a wide variety of water temperatures and soil conditions. It provides consistent, quality results.

1 Solid Heavily Built Laundry Detergent

CONSERV SG65 SOLID LAUNDRY DETERGENT
Solid alkaline laundry detergent

2 Solid Chlorinated Laundry Detergent

STAGE 2
Chlorinated laundry detergent/destainer

3 Solid Sour

CONSERV SG84 IRON REMOVING SOUR
Eliminates yellowing of linens caused by iron in the water

4 Solid Softener

CONSERV SG80 FABRIC SOFTENER
Imparts softness to fabrics and also contains brighteners

Assessing Your Utility Costs

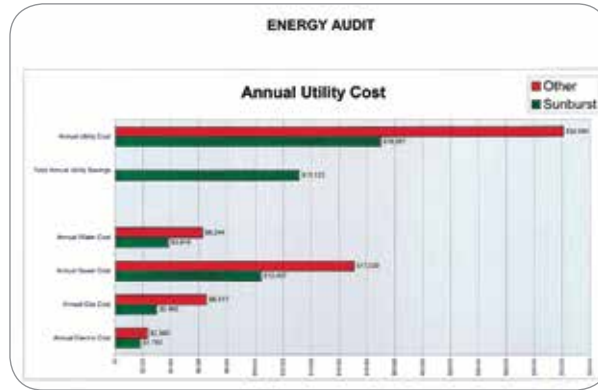

Keep more of your hard-earned dollars in your pocket.

See the Savings: Ask for a FREE Energy Audit

The Conserv Energy System Saves:

- **Water** utility costs
- **Heating** utility costs
- **Electrical** utility costs

Energy Audit is a fast, easy, and comprehensive way to evaluate your utility costs and compare them to potential savings using Sunburst laundry products.

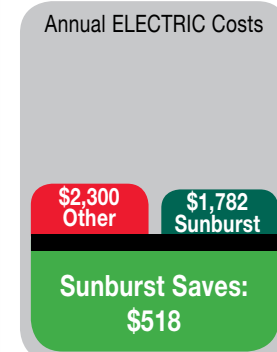

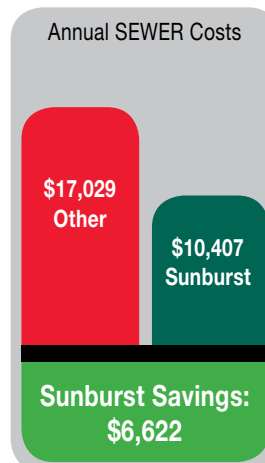

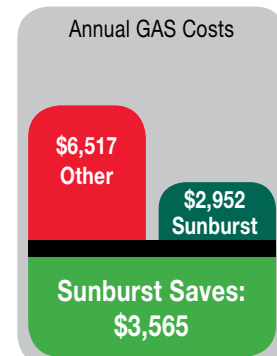

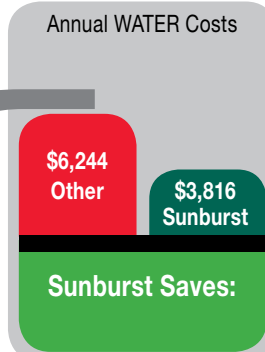

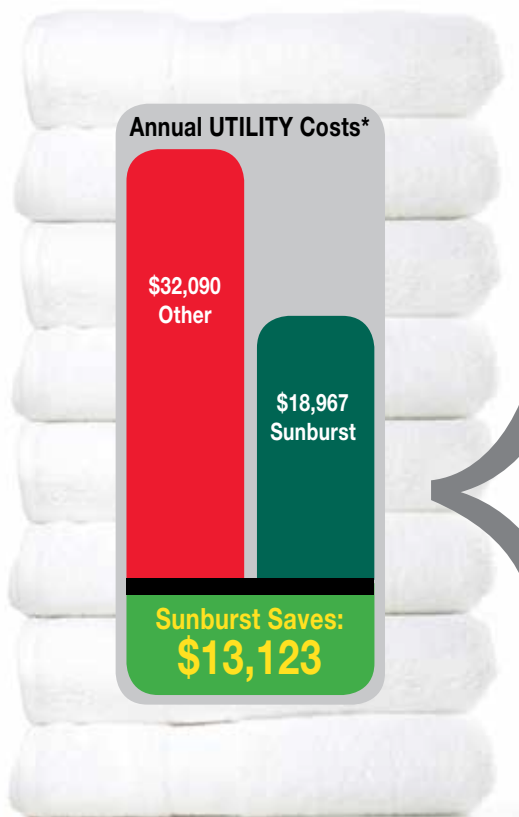

Sunburst is a leader in green cleaning expertise by:

- Working with the EPA to develop Sunburst products with Safer Choice certification
- Practicing lean manufacturing
